

Compassionate Billing and Financial Assistance Policy (FAP)

Provider Participation Listing

For Emergency or other medically necessary healthcare services provided by the Palisades Medical Center and billed by Palisades Medical Center, the FAP (Compassionate Billing and Financial Assistance Policy) only applies to services billed by Palisades Medical Center. Other services which are separately billed by other providers such as physicians, are not eligible under the FAP and do not participate in the Financial Assistance Program. The professional fees for such services are controlled by the physicians and the medical practices. Patients are required to make separate financial arrangements with these physicians and medical practices.
